

# E<sup>Christmas</sup>xploring

## Exploring Christmas (Free event!) live reading of the Christmas story, themed activities and finishing with an online nativity and Christingle!

Beginning with a Facebook live video at 10am on Monday 21<sup>st</sup> December (or when suits you during the week!) which will start the Christmas story and introduce the activities for the week. There will be instructions for all the activities and a pack of resources!

Exploring Christmas will finish at 10am on Christmas Eve with a Zoom session for all participants. At this session the children will take part in an online nativity and we will also make our Christingles together (you will just need to provide an orange).

Register by sending us a message on our Facebook page - <https://www.facebook.com/StPaulsChurchTongham> We will then respond with details of how to access the Zoom sessions and further information to make the most of the sessions – such as how to get hold of your resource pack.
